AUCTION 25

Closing June 21 1992, Sunday, 6:00 p.m. USA Pacific Time

Collectors should look especially for collections of tokens from Mexico, Dominican Republic, Ireland, Scotland, Iran and India.

Lot descriptions are of necessity brief and oriented to numismatists. Sizes are in millimeters, although larger paper pieces are often in inches. Tokens are round unless otherwise indicated. Materials are shown as Al, Br, Cop, Ir, Ld, Nkl, Zn or Pl (astic). When parentheses are used it means that the information enclosed is not in the token legend or describes some device on the token. Catalog numbers are often used to aid description, e.g. '(L#101.3)' and refer to the most standard U.S. work on the topic at hand. Since listing each reference would be too cumbersome, please write if you need to know which. Dollar values written simply (\$5) mean a suggested bidding range. An MB enclosed with a dollar value in parentheses (e.g. (MB\$25)) means a "Reserve" or "Minimum Bid". Grading can be only approximate in a series as varied as tokens. Especially when tokens are crudely made, grading is at best subjective. I try to be conservative and in most cases have reduced items by one grade where there is any question in my mind. Comments on my listings and methods of operation are always welcome.

MAIL BID SALE RULES AND TERMS

1. The sale closes at 6 p.m. USA Pacific Time on the date noted above or until 15 minutes pass with no additional telephone bids. Lots are sold to the highest bidder. In the event of tie bids the lot goes to the earliest arriving bid. Bids of only a few cents difference will be considered tie bids.
2. Bids must be in U.S. Dollars and those under \$3 are respectfully declined.
3. Winning bids will be reduced to a 10% advance over the next highest bid, or the Reserve (Minimum Bid) if any. In the event there is only one bidder, bids will be reduced to the published estimate, but not lower. The maximum reduction will be 50% of the highest bid in any case. Bids will not be reduced under \$25. In general acceptable bids will be those that are at least 60% of the published estimate.
4. Successful bidders will either be billed first or sent winning lots with the bill if they are established customers. Postage, shipping and insurance costs will be added to the invoices where such are appropriate. There will be a minimum charge of \$1 for postage and processing. A Bidder's Fee of 9% or \$1 will be added whichever is higher. California residents must pay 7% Sales Tax. Overseas customers must accept responsibility for postal delivery.
5. **Prices Realized:** please order them when you submit your bids. Do not send payment. I will include the cost with your bill, \$1 per copy.
6. Lots may be returned within 10 days of their receipt **only if there is a major error** in the description or in the material sent. Please check the shipments for such and keep a copy of the bids you submit. Please pay within 5 days.
7. **Lots Made Up of Multiple Pieces:** In most cases these consist of items which are a) very common, b) badly worn or damaged, c) issued after 1950, d) of little collector interest or e) all of the above. Please bid accordingly. I try to describe them as much as I can afford the space, but because of their nature descriptions have to be limited.

BIDDING BY TELEPHONE? My number is (415) 648-8634. The best hours to reach me are 7-9 a.m. USA Pacific Time. However the least expensive and most certain means to bid is by mail even if only on a postcard. At times business may keep me away from the phone for days. I will accept bids over the phone during the week prior to closing. Current bid levels are available from the computer. However if you request such information, you must bid at least 10% over the highest in order to have your new bid qualify. For items quoting under \$10, you must bid at least \$1 more to qualify. For those who like to call in bids at the last minute, I will have all current bids posted during the last week before closing, but often at the end of the last day this is not possible when they come in rather quickly. 98% of all successful bidding is accomplished with high bids by mail.

POST OFFICE BOX 40888

SAN FRANCISCO, CALIFORNIA 94140

U.S.A.

The Art Saloon was in operation for less than two years in San Francisco during the late 1890's. The most notable item in the establishment was the "Jap Statue" which was kept on display. Using the statue as a theme the owner issued and presumably sold a quantity of tokens in a number of varieties like the one represented here. The statue is a self-portrait by one Hananuma Masakichi about whom nothing is known. In recent times the statue has been on display in this city at Ripley's Believe-It-Or-Not Museum. The work is eerily lifelike. Masakichi had used his own hair and nails in its construction. Interestingly a duplicate has turned up in Australia. It was on display there during the early decades of this century. The fate of the second likeness has not been recorded here. (See Lot 24.)
